October, 1983

Dear Heber Valley Resident:

We are pleased to announce the opening of our new orthodontic office in Heber City. It is now possible for orthodontic patients in our valley to receive complete orthodontic care without the inconvenience of trips to Provo or Salt Lake. Dr. Brown's training and our new facilities make it possible to offer the highest quality of care available. Our office is conveniently located adjacent to the high school and middle school.

When treatment is indicated, braces can make a great difference in a young person's life. Most problems are best treated between the ages of ten and fifteen. However, some orthodontic problems become evident much earlier in life and many adults seek treatment as well.

If you have questions about orthodontics or want to know more about what we do, please call for an appointment or stop and see us. There is no charge for an initial consultation. We look forward to serving you.

Sincerely,

Steven R. Brown, D.D.S., M.S.D.

Office address: 575 South 200 East  
Heber City, Utah

Phone: 654-4586

Dr. Brown was raised in Sandy, Utah. He attended Brigham Young University receiving his Bachelor of Science degree. He received his dental training on a Health Profession Scholarship at Georgetown University in Washington, D.C. Upon completion of dental school, Dr. Brown served as a dentist for three years at the United States Air Force Hospital in Wiesbaden, Germany. He then spent two years at Temple University where he completed his specialty training in Orthodontics. He was awarded a Master of Science Degree in Orthodontics.

Dr. Brown participates actively in continuing education. He is a member of the American Association of Orthodontists, the Rocky Mountain Society of Orthodontists, and the Utah State Orthodontic Society. He has maintained a busy practice in Salt Lake City before coming to Heber City.

Dr. Brown is married and has two children. His wife, Jean, is a registered nurse. He and his family reside in Midway, Utah.
